MOVE OVER, DR. PHIL... THERE'S A NEW SHRINK IN TOWN!

ANNA SMUDGE, OTHERWISE KNOWN AS Smudge “the Sludge,” is the slowest kid in the sixth grade. But after a powerful chat with the school guidance counselor, Anna transforms herself into Manhattan’s top shrink, holding therapy sessions in a cramped storage closet in the lobby of her apartment building. And it’s not long before hordes of nutty New Yorkers are nearly kicking down her door, desperate to schedule an appointment. But Anna’s got major issues of her own... She has to catch the infamous criminal mastermind Mr. Who. Her father’s life depends on it.

BUT THE FBI SAYS MR. WHO DOESN'T exist. The CIA claim he’s just a myth. On the streets they call him the Boogeyman. How can Anna track down a man when no one’s ever seen his face?

WITH THE HELP OF AN UNLIKELY GROUP of friends, Anna embarks on an adventure that spans the famous landmarks of New York. She reunites with her absentee parents, discovers the true meaning of friendship, and pieces together a mystery as intricate as a jigsaw puzzle. But nothing will prepare her for the shocking revelation that nothing is what it seems... and no one is **WHO** they appear to be.

Do you know who MR. WHO is?
